# SEGDesign... SEG Made Simple!

## Modular system – fast and easy to assemble

- No assembly tools needed. Snaps together instantly.
- Can be pressure fit, screw-secured, or glued.
- Corner Pieces and T-Connectors make unlimited size and shapes easy.
- No mitered corners / All straight cut sides
- Cut with any hand or power saw. Custom sizes are a breeze!

## Superior to Aluminum

- Lower total cost than aluminum. 100% MADE IN USA (PAT. pending)
- Lighter weight than aluminum – easier to ship and hang
- Breaks down to shippable sizes – NO UPS/FedEx surcharge!
- No hidden hardware or cutting charges

## Add DESIGN to your SEG frames – wrapable, paintable, designable!

- Stock color - Silver Aluminum
- Add color easily with common spray paint (Krylon Fusion 28 colors\*\*)
- Match customer's logo or image color!
- Let your creativity flow! "Upsell" through beautiful design.

Krylon is a registered trademark of Sherwin-Williams\*

## Environmentally-friendly polymer

- NON-PVC recyclable polymer (important to large retailers)

## Works great with KederTape – a complete simple solution

- Enter the SEG market *NOW*, with no equipment cost.

## Readily available in versatile styles through select Distributors

- Standard prepackaged kit sizes (18x24, 24x36, 36x48)
- Available in bulk for high volume, low cost
- Banner Ups – a trusted supplier who SUPPORTS YOUR business.

## Enhances the value of complementary products:

- Ask us for a list of approved recommended Textile Media.
- Latex, Dye Sub, Eco-Solvent – Get more out of your printer!
